

CITY OF OAKLAND

# Mayor's Proclamation

*In Celebration and Recognition of*

## *Family Paths*

*Which after 30 years of operation in Oakland's Historic Grove Building, welcomes new building signage through generous grants from Oakland Rotary #3*

It is my esteemed honor to join in celebrating Family Paths, who for more than 43 years, has offered vital direct mental health and support services to children and families of Alameda County.

Your longstanding efforts to provide free, 24-hour Family Support, Referral & Resource Hotline, a 24-hour Foster Parent Advice Line, CalWORKs Case Management, and Positive Parenting Classes has vastly improved the quality of life for countless individuals and families and made a significant impact on our community.

I want to also acknowledge the contribution of the Oakland Rotary #3, a diverse service club of over 340 professionals, businesspersons, and other community leaders dedicated to fighting hunger and disease, and promoting health, education and other humanitarian causes in Oakland and around the world. Your generosity and work to provide signage for Family Paths is a reflection of your desire to see all persons and families of Oakland have equitable access to life saving and life enhancing human services

This partnership has created a safer stronger Oakland for all.

Thank you for all you do for Oakland and Congratulations on your new signage

  
LIBBY SCHAAP
